

永佳捷出貨部品計畫表

|       |              |
|-------|--------------|
| 案件名稱  | 鐵揚國際開發 (左東段) |
| 案件編號  | 3MH00454     |
| 預計出貨日 | 2023.12.30   |

| 品目區分 | 部件名稱            | 規格 / 圖號說明 | P社手配 | M社手配 | 見特記 |
|------|-----------------|-----------|------|------|-----|
| 對重框箱 | 上樑(平頂式轿顶轮梁阻立)   |           | ●    |      |     |
|      | 立樑左組件           |           | ●    |      |     |
|      | 立樑右組件           |           | ●    |      |     |
|      | 轆頂檢修停止總裝圖       |           | ●    |      |     |
|      | 下樑              |           | ●    |      |     |
|      | 滑動導軌            |           | ●    |      |     |
|      | 安全鉗裝置           |           | ●    |      |     |
|      | 極限開關支架          |           | ●    |      |     |
|      | 隔磁板             |           | ●    |      |     |
|      | 平層光電支架          |           | ●    |      |     |
|      | 隨行電纜支架          |           | ●    |      |     |
|      | 撞弓組件            |           | ●    |      |     |
|      | 對重架+ 對重導軌       |           | ●    |      |     |
|      | 井道電纜架組件         |           | ●    |      |     |
|      |                 |           |      |      |     |
|      | 對重防護欄           | 依現行法規不手配  |      |      |     |
|      | 檢修停車檔板          |           | ●    |      |     |
|      | 主機機械台安裝組件       |           | ●    |      |     |
|      | 主機座焊組件          |           | ●    |      |     |
|      | 主機減震墊           |           | ●    |      |     |
|      | 張緊輪             |           | ●    |      |     |
|      | 限速器             |           | ●    |      |     |
|      | 限速器底座/(含入轆廂側繩頭) |           | ●    |      |     |
|      | 轆廂油杯組裝          |           | ●    |      |     |
|      | 對重油杯            |           | ●    |      |     |
|      | 轆廂導軌壓導板         |           | ●    |      |     |
|      | 配重導軌壓導板         |           | ●    |      |     |
|      | 轆廂導軌支架          | 由現地工務手配   | ●    |      |     |
|      | 對重導軌支架          | 由現地工務手配   | ●    |      |     |
|      | 緩衝器加高台          |           | ●    |      |     |
|      | 緩衝器             |           | ●    |      |     |
|      | 緩衝器座板           |           | ●    |      |     |
|      | 緩衝器枕墊           |           | ●    |      |     |
|      | 集油盒             |           | ●    |      |     |
|      | 導軌油             |           | ●    |      |     |
|      | 轆廂導軌座           |           | ●    |      |     |
|      | 對重導軌座           |           |      |      |     |
|      |                 |           |      |      |     |
|      | 對重繩頭            | 繩頭無縫鋼管直吊型 | ●    |      |     |
|      | 轆廂繩頭組件          | 繩頭無縫鋼管直吊型 | ●    |      |     |
|      | 秤重裝置            |           | ●    |      |     |
|      | 轆頂護板            |           | ●    |      |     |
|      | 電纜防鈎線安裝         |           | ●    |      |     |
| 轆廂部分 | 斜支撐組件           | 標配        | ●    |      |     |
|      | 轿架螺絲包(含膨脹螺栓)    |           | ●    |      |     |
|      | 固定式轆頂安全欄杆       | 高度750     | ●    |      |     |
|      | 水平運動同步桿         |           | ●    |      |     |
|      | 提拉杆             |           | ●    |      |     |
|      | 底坑爬梯            |           | ●    |      |     |
|      | 轆頂組件            |           | ●    |      |     |
|      | 隨機文件            |           | ●    |      |     |
|      | 轆頂卡板            |           | ●    |      |     |
|      | 轆頂安全窗及開關        |           | ●    |      |     |
|      | 轆底組件 (含轆廂地坎支架)  |           | ●    |      |     |
|      | 床地板             |           | ●    |      |     |
|      | 固定式護腳板組件        |           | ●    |      |     |
|      | 踢腳板 (含入轆底)      |           | ●    |      |     |
|      | 天花組件            |           | ●    |      |     |
|      | 風扇組裝            |           | ●    |      |     |
|      | 扶手              |           | ●    |      |     |
|      | 門楣板             |           | ●    |      |     |
|      | 組立螺絲包           |           | ●    |      |     |
|      | 出入口擋板           |           | ●    |      |     |
|      | 前側板             |           | ●    |      |     |
|      | 側面兩端壁           |           | ●    |      |     |
|      | 左側中間壁           |           | ●    |      |     |
|      | 右側中間壁           |           | ●    |      |     |
|      | 後側兩端壁           |           | ●    |      |     |
|      | 後側中間壁           |           | ●    |      |     |
